

Hello new member,

Thank you for joining our Adult Advocacy Group. We started this group to create an environment that supports adults with disabilities by providing guidance, education, and opportunities to interact with others. This group was created so we could help each other strengthen our voices and advocate for ourselves.

The AAG has monthly meetings, social gatherings, special events, and trainings on different topics. We also have created a Resource Room upstate and downstate. Members can utilize these rooms for a various of services; such as looking for a job, updating your resume, having a space for meetings, and personal meetings.

We also have a private Adult Advocacy Group on Facebook that we would love for you to join. There are three questions to answer before you can join but everyone is welcome. Currently due to social distancing we will be doing more things on our Facebook Group and Zoom.

Every member is able to post on the Facebook Group. Members have posted games that everyone can play together. Each week a member posts his blog about navigating disabilities in the real world. We also have weekly Zoom meetings where members can discuss different topics and have a game night. Members have also been keeping everyone up to date on what is happening with COVID-19. The Facebook Group is a safe and open place for you to talk about whatever is on your mind, how you feel and your personal experiences. Your voice will not go unheard.

We have many exciting social events and trainings planned for the future. However due to the pandemic where these events will be held might change. We look forward to you joining us whether it is in person or on Zoom.

We are happy to have you to join our AAG Family!

Thank You,

Moni Edgar
